Winter Shades

↑ *Thin rims with detailed temples:* Foster Grant Shield, \$22, fostergrant.com

Make like a celeb, and brave the cold in style this season with a pair of fun, fashionable shields. Here are our faves.

Jennifer Garner

HOT TIP

It might not feel hot, but sunlight is just as damaging in the wintertime as it is in the summer. (In fact, snow reflects UV rays, making them even more dangerous!) Be smart, like Jennifer, and wear shades with 100 percent UV protection — no matter what the weather.
